FOR MAYOR

R. W. Chadwick, retired regular army man, the only candidate who qualified in time to get his name on the official ballot in the city election March 25.

To the Voters and the People of St. Cloud, Fla.

I, R. W. Chadwick, Candidate for Mayor of the City at the next election to be held next Tuesday, March 25th, 1924, will appear at the G. A. R. hall for the purpose of making some remarks and to let the voters see me. As I am informed that some of the voters do not know me, but I feel that they will all know me when I appear at the Hall this Saturday, after the regular program of the G. A. R.

I am for law and order, and hope to have the support of the people in coming election.

R. W. CHADWICK

Candidate for Mayor of the City of St. Cloud, Florida

ST. PETERSBURG, Fla., March 19. The 41st annual state encampment of the G. A. R. closed here today with installation of officers and a tour of the city in automobiles, furnished by various clubs. Despite a heavy rain during the morning the veterans marched to Williams Park, where automobiles were waiting for them. The rain ceased soon after their arrival at the park.

Officers elected are as follows: James Campbell, St. Cloud, department commander; A. C. Schaffler, Lakeland, senior department vice commander; J. C. Ford, St. Petersburg, junior department vice commander; M. D. Fuller, Orlando, department chaplain; A. P. Rounsaville, Miami, surgeon general; delegates at large to the National Encampment, W. R. Hoyt, Miami, J. P. Farris, St. Cloud; John McKinney, St. Petersburg; W. E. Rossom, Tampa; J. L. Cummings, St. Cloud, Adjutant.

LENTEN THOUGHTS

In all Christian communities there will be found people who were at one time faithful Christians, but worldly affairs, temptations and weak and unworthy excuses have caused them to fall away and so apparently throw God and religion overboard and Church attendance and worship given up. Such persons ought to remember what Jesus said that, "No man, having put his hand to the plough, and looking back, is fit for the kingdom of God, so it is a good time in this season of Lent to repent and return to the obedience and worship of the Lord our God, as there is no other name under heaven given among men, whereby we must be saved. TOURIST CLUB MEETING

The Tourist Club will hold its postponed meeting in the Tourist Building in City Park, on Monday, March 24th at 2:30 P. M. The program will be under the auspices of the Ohio Association, and will be expected to show the mettle of which so many national Presidents are made. All applicants to that office are especially invited to be present, but will be expected to remain silent unless they have place on the program. Let there be a full representation of states. Come prepared to make a lot of noise. Three cheers will be given to the state having the largest number present, whether from Texas or Little Rhody.

"MISS ST. CLOUD" IN LEGION BEAUTY CONTEST

MISS MARTHA MOWREY

Who will appear as the prettiest St. Cloud girl in the bathing beauty contest at St. Petersburg, Fla., March 23, the last day of the annual reunion of world war veterans and American Legion convention. Miss Mowrey was selected in the voting contest conducted by St. Cloud Post No. 50, American Legion.

TO DISCUSS LAKEFRONT IMPROVEMENT AT MEETING OF CHAMBER OF COMMERCE

A very enthusiastic meeting of the St. Cloud Chamber of Commerce was held Wednesday noon of this week, when the regular weekly luncheon was served, at which meeting many matters of interest to the future welfare of the city were discussed. Mr. Sam Brammar reported for the Melbourne road committee. Mrs. Foster reported for the advertising committee. Mr. S. W. Porter, chairman of the park committee, reported that he had a big surprise in store for the chamber of commerce probably next week. Illegal seining in lakes near St. Cloud was reported and discussed. Tourist Association agrees to furnish banners for cars going north.

The business session was called to order by President L. M. Parlov after the delicious luncheon was served, and the minutes of the last week's meeting read and approved after minor corrections. No report was made by the membership committee.

Mrs. M. P. Foster, under the head of advertising, displayed a large banner used this winter on the rear of a tourist's automobile coming to St. Cloud, which read "We Winter in St. Cloud, Florida." Mrs. Foster stated that the Chamber of Commerce should take advantage of this method of advertising, as requests were reported coming from tourists returning home for similar banners for their cars. The matter was discussed and motion prevailed that it be referred to the Tourists Association with the recommendation that similar banners or stickers

for the windshield be supplied those desiring to advertise the Wonder City while returning home.

Under the report of the Park Committee, Mr. S. W. Porter stated that he was going to spring a big surprise soon, but was unable to do so at this time. Mr. Porter hopes to be in a position to give this information at the next meeting of the Chamber of Commerce, so all members are urged to be present.

The matter of providing a better home for the bears in the park on Tenth Street, owned by Mr. C. W. Burns, was discussed at length. Some tourists who have been attracted by the two large bears are taking the matter up and asking others to contribute to this cause. The Chamber of Commerce referred the matter to the Tourists Committee for such action as they see fit to take.

Mr. Sam Brammar reported for the road committee on the Melbourne road. He stated that the committee and a delegation of members of the Chamber of Commerce were present at the meeting of the State Road Department in Orlando last Friday and that the results of the meeting were very favorable. The Road Department has promised immediate action toward finishing the road. The contractor who is making the fill across the St. Johns marsh having fallen down on his contract, his bondsmen will probably be notified and asked to complete the work at once.

Mr. Brammar also stated that never had the outlook for St. Cloud been so bright, and called attention to the big things that had been accomplished this past year in the city. Among other things he mentioned the St. Cloud-Melbourne road which is now assured of early completion, the building of the Veterans Memorial Library, the building of a new High School Building, the new Tourists Club House and many other achievements which the citizens have been working for for years. He urged the Chamber of Commerce to keep up its good work, and work for the big things that St. Cloud needs and can have through co-operation.

Under motion the secretary was instructed to draw warrant covering the expenses of the road committee to Melbourne and Orlando, and also a vote of thanks was given to Mrs. W. G. Peckham for the use of her car to take the committee to the Orlando meeting.

Mr. V. Clyde Edwards spoke regarding the many big things which should be undertaken by the Chamber of Commerce, and spoke especially regarding the lake front. He stated that an engineer representing the Fairbanks-Morse Company would probably be present next week and present facts and figures of what would be required to put St. Cloud's lakefront on a par with lakefronts in other cities. This information will no doubt prove valuable and every member of the Chamber of Commerce should endeavor to be present.

Seining in the lakes around St. Cloud was reported to the Chamber of Commerce, and it was asked that some action be taken to prevent illegal seining. It was reported that the law prohibits the use of less than

four and one-half inch mesh seines, and that a license or permit must be secured, and it was said that both of these provisions are being violated. The secretary was instructed to write the Sheriff that it is reported illegal seining is going on regularly around St. Cloud and ask him to take action to prevent it if possible, as if this practice continues the good fishing which the tourists have been enjoying will be a thing of the past.

Rev. A. W. Hall, president of the Tourists Association, announced the meeting of that organization on next Monday afternoon, at which time the Ohio people will be in charge of the program. He also stated that the first Monday in April would probably be the last meeting this season of the Tourists Association, and asked the Chamber of Commerce to have charge of the program on that occasion.

There being no farther business the meeting adjourned until next Wednesday noon, when the regular weekly luncheon will take place and all members and citizens interested in the welfare of the "Wonder City" are urged to be present.

ST. CLOUD GIRL WRITES MUSICAL COMEDY

Miss Una Garner Pens Bright Libretto For High School Production.

(Washington Times, Feb. 14, 1924)

A feature of the third annual vande-ville and dance of the Alumni Association of the Business High School to be held at the school, will be a musical comedy, "Be Yourself," written by Miss Una Garner, formerly of St. Cloud, Fla., an aspiring young playwright of Washington.

Last year Miss Garner wrote and, with the assistance of Elton B. Taylor, presented a short sketch entitled "Their First Secret," but this year she has written a complete musical comedy which will comprise a greater part of the program. A cast of about twenty is required, the leading roles to be played by Woodruff Youngs, Grace Garner, Elton B. Taylor, Una Garner and Gladys Bellfield.

The choruses and dances furnished by the Hoffman-Hodkins Studio of Dancing, are composed of Mary Werle, Frances Brown, Mildred Jaeger, Lydia Hunter and Marie Redman. The original songs being used in the act have been written by C. W. O'Connor, of the O'Connor Dramatic School, who is superintending the production.

Other acts will include Happy Walker's Golden Pheasant Society Orchestra; Sara Kane, accompanied by Doris Schatz; John Baldwin, with Stephen Gerrity accompanying, and "The Fortune Teller," a musical comedy skit, under the direction of Louise B. Thompson, introducing Ruth Chockley, Anita R. Ganges, Bronson Howard and S. Theodore Howard with Herbert Well accompanying.

Miss Una Garner is a graduate of the St. Cloud High School, class of

STATE DIRECTOR NEAR EAST RELIEF HERE SUNDAY.

AMERICA'S part in one of the greatest humanitarian movements in the history of the world was vividly told the congregation of the Methodist Church Sunday evening in an address by E. H. Curtis, state director of the Near East Relief. Mr. Curtis who came to St. Cloud from Jacksonville, and was presented to the congregation by the pastor of the church.

The suffering undergone by thousands and thousands of little children in the Bible Lands, before they were placed in orphanages, fed, clothed and educated by the American people was told in a very touching manner by the speaker, who brought to the attention of his hearers just what else remained to keep this great work going.

The speaker did not leave anything to the imagination of his hearers, but opened up to view conditions as they have, and now exist, in the lands where Christianity first began.

A lecture was also given in the city park after the band concert in the afternoon and collections were taken at both meetings.

OVERSTREET OUT FOR RE-ELECTION

Hon. M. O. Overstreet has announced that he would be a candidate for re-election to the state senate for this, the 19th Senatorial District.

Senator Overstreet was overwhelmingly elected two years ago and he served his district and state efficiently, honestly and intelligently. During his first term he was placed upon the prominent committees of the Senate and became one of its leading members.

He has scrupulously looked after the interests of Seminole, Osceola and Orange counties, which comprise the district, and his term met with appreciation from his constituents.

He is a successful business man, banker and manufacturer and has aided in every way possible to raise the standards of Florida. Locally and throughout Orange county and this section he has been an indefatigable worker in all forms of activities bearing on the life of the community.

1917, and Grace Willye Garner, graduated from Grammar school here the same year, and from Eastern High School, Washington, D. C., four years later.

Miss Una Garner has written three plays during the past year, two of which have already been produced with great success. Grace Willye Garner is a student of music, and sang the leading role in "Be Yourself" and Miss Una, who is specializing in dramatic art, played the comedy lead in the same production.

FOR MAYOR OF ST. CLOUD

C. N. McMullen, Independent candidate for Mayor of St. Cloud, whose name will have to be written on the ballot because he did not qualify.

To the Good Citizens of the City of the St. Cloud.

I have announced my self a Independent candidate for Mayor of your city. It is a little difficult to write my name which will have to be written (thus) X C. N. McMullen, before I

will be considered a legal vote.

If elected I will do all in my legal capacity to serve the tax payers and people of this city and my office hours will be from the time I am qualified until I am relieved by my successor.

I am your obedient servant,
C. N. McMullen.

THE WHOSEVER-WILL SUNDAY SCHOOL CLASS, ST. CLOUD, FLA.

This is one of the outstanding classes in the State, and has grown from 20 members two years ago, to 200 members at this time. The pastor of the Baptist Church, Rev. B. A. Aichison is the teacher. Bro. C. N. McMullen is the President. Six months ago they outgrew the capacity of the church and have since been meeting in the G. A. R. Hall. At a recent meeting the church unanimously voted to enlarge the building. A new seven-room parsonage has been built during Bro. Aichison's pastorate, and is now nearly paid for. All the services are largely attended and better still \$400 per year has been added to the pastor's salary.—Florida Baptist Witness.

There will be a special meeting of St. Cloud Post No. 80 Tuesday evening, March 25. All service men who wish to attend the reunion at St. Petersburg should be present.

ple of liberty is set before us again.
I challenge any such to deal honestly
and frankly with those masses and
still claim that the Jewish Sabbath is
binding on the Christian today.

SEVENTH—The Christian observes
Sunday not because there is any law
commanding him to do so but as a
blessed privilege in honor of his Lord
who was raised the first day of the
week. The early disciples met on this
day. The Holy Spirit descended and
the Church was organized on this day.
It is a mistaken idea and one that has
caused a great deal of trouble to af-
firm that the Catholic Church and the
Pope is responsible for the change of
the day. The writings of the early
Church Fathers prove that from the
very day of the Apostles the early
Christians met on the first day of the
week instead of the seventh and that
for the reasons mentioned above. If
one is a Jew and still under the old
dispensation (as the Jews today are)
then it would be proper and consistent
for them to keep Saturday but for
the Gentiles living under a New Dis-
pensation, with better promises it is
altogether out of place and the apostle
writes to all such that they are "fal-
len from Grace" and under obligation
to keep the whole law which would
bring them again under the curse.
See Gal. 5th Chapter.

EIGHT—My last reason is not taken
from the Scriptures but can be ver-
ified by history, observation and every
day experience and that is the fact
that God is today setting His seal on
the work of those who are "standing
fast in the liberty wherein Christ hath
made them free," who are preaching
the Gospel of Grace and meeting to-
gether on the first day of the week
upon which day more souls have been
saved than all of the rest of the days
put together. Surely the Lord would
not pour out His Spirit and set His
Approval upon the work in this way
if as some claim, "We are under the
Mark of the Beast and his terrible
condemnation. Read what it is in
Rev. 14: 9-11. Do you think for a
single moment that this terrible un-
ending punishment awaits those that
are today meeting together on the
first day of the week. I would rather
come to the conclusion that there is
something wrong with both the inter-
pretation and application of God's
Word. It is also strange that those
who desire to be under law themselves
are not satisfied unless everyone else
comes under the same bondage and
are always anxious to debate the ques-
tion and willing to go any limit in or-
der to proselyte among the people of
God.

The great Apostle pronounced a curse
upon all the preachers or even an angel
from Heaven that would endeavor to
bring the young converts back under
the law again. Gal. 1:8.

At the close of the morning service
two new members were received into
the fellowship of the Church and three
more responded to the invitation at
the close of the evening service mak-
ing four or five candidates to be bap-
tized on Thursday evening at Prayer
meeting. The building committee met
last week to consider plans for enlarg-
ing the Church building but nothing
definite has been decided upon as yet.
One thing is sure we must have a
larger building if we are to accom-
modate the people that are even now
coming to our services.

FORDS AS BANDIT CHASERS

Armored Ford cars as bandit chas-
ers are the latest police innovation.
Gen. Smedley D. Butler, Philadel-
phia's dynamic commissioner of public
safety, is the man who introduced
them.

Before he took office a few weeks
back, the Philadelphia city council
voted General Butler \$5,000 with
which to purchase an automobile for
his personal use.

But when salesmen for high-priced
cars appeared and tried to interest
him, he made it plain that he intended
to spend the money in purchasing
small, light cars for use as bandit
chasers by the police department.

The Ford runabout was his choice
and it wasn't long before an enterpris-
ing Ford salesman had a car ready
for the general's inspection.

Now the Philadelphia police have
six of these armored Ford cars and
under General Butler's plan this num-
ber will shortly be augmented until
there will be ninety such bandit
chasers in service.

The entire shell of the body is lined
with 1-8 inch special steel and the
space between the armor plating and
the outside of the car is packed with
loose cotton and coarse hair to retard
the velocity of bullets. Armor plate
also covers the cowl and runs up as
high as the lower portion of the wind-
shield. The upper portion is in two
sections of bullet proof glass and win-
dows have been provided on either
side, these also of bullet proof glass.

THE INTER-STATE ASSOCIATION

The Inter-state Association met at
the Tourist Club House Wednesday,
February 20th for their annual picnic.
There was a large gathering and
a social time was enjoyed. The sev-
eral tables were loaded with delicious
entables, all seemingly doing justice
to them.

After dinner the President, Dr. Hall,

called the meeting to order. All of-
ficers in their respective places except
the treasurer who was detained at the
Chamber of Commerce building for
their dinner.

The president in his opening re-
marks said that sectional lines were
not to be regarded, and upon request
it was moved and carried that the
Inter-state Association take in the fol-
lowing States—Tennessee, Kentucky
and West Virginia. Singing America
followed by prayer by our Chaplain,
Dr. Cooke. Collection taken to de-
fray expenses of the state, etc. was
met. Reported that the piano in the
Club House was paid for. Reported
that the Chamber of Commerce was
intending to place a Pennant on the
Club House and recommended that
each Association have a banner.

The Florida song was given, led by
Mr. Shore. The committee appointed
to compose a State song for Penn-
sylvania, consisting of Dr. Cooke, Mrs.
Clark and Mrs. Houston, reported that
two songs had been composed, one of
which was sung entitled "Fair Pen-
sylvania," the song being entirely
original, the words of which were
composed by Mrs. Houston and the
music by Mrs. Nettle Clark and sung
by Mrs. Day, Mrs. Nail, Mrs. Kenney,
Mrs. Rhoades, Mrs. Houston, Mrs.
Lathrop, and Mr. Clark. Mrs. Clark
at the piano. Hearty applause was
given the song with a request that it
be printed. The New York song was
written by the following committee,
Mrs. Baber, Mrs. Ogle and Mrs. Shore
and composed by them, the music by
Mr. Shore, who led the singing with
audience joining. There was a request
that this song also be printed.

The Association presented Mrs.
Helen Ellis, our faithful and efficient
secretary for the past two years, a
beautiful gold chain with Aztec Lava-
lieres, in token of their appreciation
for her services. The committee, who
selected the gift, Mrs. Clark, Mrs.
Brand, Mrs. Simpson received thanks

from the Association, and thanks
from the Association and thanks from
Mrs. Ellis and the donors. The roll call
of states were as follows: 65 from
Penn.; 60 from New York; 5 from N.
J.; 3 from Kentucky; 3 from Tenn.;
1 from W. Va.; 52 from other states,
total 195.

There was a committee appointed to
draft resolutions on the death of
Conrad West, a member of this
society. The committee chosen were
Mrs. Brand, Mrs. Clark, Rev. Dr. Hall.

Save Your Food With Ice

The best way to keep meat and other perishable food
products is in a modern cold storage plant.
The next best way is in a refrigerator properly cooled
with ice.
The average house-wife can not afford a cold storage
plant, but she can afford a good refrigerator or ice box,
and a small piece of ice each day.
The satisfaction you get out of a small piece of ice is
well worth the few cents a day it will cost you.

NARCOOSSEE TO BE CENTER OF BANANA CULTURE ON BIG SCALE

NARCOOSSEE, Fla., March 19.—The fame of Narcoossee as a place where health conditions are perfect, where fruits and flowers and vegetables can be grown in the greatest abundance with a very small amount of fertilizer and little work and without the fear of killing frost during the winter, has reached the remote corners of this country, even finding its way into the counting rooms and business offices of the skyscrapers of the great cities, although Narcoossee has been less advertised than almost any other place in this great state.

Several months ago Mr. Robert M. Drayton, a prominent business man of Philadelphia, Pa., decided to seek a place of residence where snow did not fall, where winters were unknown, and fruits and flowers could be grown twelve months in the year. In search of such a haven he, in company with Mrs. Drayton, naturally came to Florida, and after visiting many sections and investigating conditions, heard of Narcoossee and came here merely out of regard for the friend who told him of this place and not with the least idea that he and Mrs. Drayton would remain longer than a day, but when he saw our wonderful lake nine miles long and seven miles wide, the hundreds of acres of the finest orange groves to be found in Florida, soil that can not be excelled, that killing frosts were practically unknown, saw and inspected Runnymede Lodge, one of the handiwork as well as one of the most exclusive of the great tourist resorts in the state, learned that the summer climate was even more preferable to that of the winter, and above all other things, that health conditions excelled those of any other place on earth, he at once began looking around for a place to locate, and selected the Louis Vachères property, located directly on the lake shore and comprising fifty acres aside from a fine residence and all necessary outbuildings. "Here is the place we have sought for," said Mr. Drayton to his wife, "here, I believe, we will have peace, happiness and prosperity, live a long and contented life, enjoying every day boating on lake, working among the flowers or in the garden, and in the evenings listening to the songs of the nightbirds as they send forth melodies from the branches of the giant oaks and maple and sweet bay trees."

The purchase was made, and last week Mr. and Mrs. Drayton moved into their new home, where all Narcoossee hopes and believes they will be happy and contented and prosperous to the end of their time.

Recognizing that the soil along the lake shore is peculiarly adapted to the successful growing of bananas, Mr. Drayton will at once plant ten acres to that delicious fruit, using the Cavendish variety. In this Mr. Drayton is displaying splendid judgment, for there is no question but what this section is the most favored of any in Florida for the successful growing of bananas, the soil being unusually rich and the lake making frost practically impossible.

A hundred such families as the Draytons would make Narcoossee the perfection of all places to enjoy life, and they are coming as soon as they learn of the many possibilities and opportunities and advantages are here in the greatest abundance.

AGRICULTURAL NEWS NOTES

J. H. GUNN, County Agent

Again we have been fortunate enough to miss a freeze if it was only by a few degrees. Don't get discouraged. If the rain and wind ruined your truck plant again just as soon as you possibly can. Everything to the north of us is bound to be late also this spring so you have a good chance yet.

Conserve the moisture in your grove by cultivating with a light harrow as soon as possible. You may need it before the season is over.

If you have sent on your grapefruit now is the time to fight it. The trees should be sprayed with Bordeaux oil just as the new growth begins to come out. This will also help to control mealybugs which causes a large percent of our russet fruit.

Scut is beginning to show in some of the potato fields. Better spray with Bordeaux mixture and stop it at once as the scut will greatly reduce the yield.

If you do not understand making Bordeaux mixture get in touch with your county agent who has full directions for making and mixing.

Keep your grove in the best possible shape this year. In all probability the price will come back in good shape and the ones who are prepared will reap the benefits.

Do you need the help of the county agent, or would you like for him to call at your place? If so please let it be known as he has a lot of territory to cover and the best way to be sure of his getting there is to let him know that you are looking for him.

DELIGHTFUL ENTERTAINMENT

A very enjoyable occasion was the students and social at the Monteleone House, March 20th. The happy thought came to Mrs. Charlie Griswold, a guest of the house to have a little party to cheer up Sam, an invalid confined to his bed for years. So "hills" were passed out to way down east tourists of well known ability as entertainers. Right royally did they make good. For Sam declared that a happier evening had not been his lot for his those many moons. Mr. Fred Terrell led off with violin selections seconded by B. E. Allen, on banjo that led us old timers back to square and round dances, polkas, quadrilles and all ye olden time times that never wear out. Mr. Fred Smith, accompanied by B. E. Allen on banjo, sang snappy songs and was recalled time and again. Mr. John McGrath, captain of all story tellers present, spun some big ones, subjects, largely snakes. "All we began to creep and wiggle about in one chair wondering if we could sleep that night for all of it. But a song or two and more "hills" music brought out of it again. Mr. McGrath's recital of a Seminole Indian chief's defiance of Spanish invaders was a masterful execution. Those present were Mr. and Mrs. John McGrath, Boston, Mass.; Mr. and Mrs. DeYoung, Mr. and Mrs. B. E. Allen; Mr. and Mrs. W. F. Thomas; Mr. and Mrs. F. C. Galda; Mr. and Mrs. Fred Terrell; Mr. and Mrs. C. H. Buttery; Mr. F. J. Smith; Mrs. Gladys Shortell; Mr. Fred Snow; Mrs. Carrie Griswold; all of Connecticut; and S. C. Winder, of Ohio.

Tampa's police chief has started a cleanup. The first day's report showed 47 arrests for drunkenness. It makes an outsider wonder why other liquor dealers were not also discovered in the drive.

It took a special train to take the Grand Army of the Republic representatives from St. Cloud Monday to the annual meeting of the Florida Department G. A. R. St. Cloud still boasts of having the second largest G. A. R. post in the United States.

The American people are due to have another "tea party" now that congress has advertised "Capitol Demo" so thoroughly. The "demo" could not be greater than the brands of "making" for the famous English beverage that was dumped in Boston harbor a few years ago.

With so many candidates for sheriff already announced it ought to be no easy matter for the members of the W. C. T. U. to get some officials to make a cleanup of the few bad lawyers left in this section. The only trouble seems to be to overlook "those persons" and get some poor creature with a quart now and then. But times will change some day.

Narrowsville's petition for a road to connect with range county will be voted on as filed. Late developed opposition to the addition of the Kennisville-Hidaway road in the same district caused the withdrawal of the request to have that road added to the original petition, so there will be no delay in calling an election for Narrowsville's extension.

Arthur Brisbane, one of the country's highest paid newspaper writers and a regular contributor to the columns of the St. Cloud Tribune, has said some mighty good things about Florida during his recent visit to this state. These statements were published throughout the nation. The St. Cloud Tribune is glad to know that we helped to contribute to the bringing of Mr. Brisbane to Florida so he could "tell the world" what a good state we had. And Arthur added a few other papers—Tampa's Tribune included—to his list of publications using his column regularly.

Cocoa, Florida, is preparing to get some of the best advertising without much cost that has ever given a city. They are going to show the Florida editors a good time when the State Press Association meets there next month. Mrs. Henderson has always been a favored lady member of the Fourth Estate of Florida and now she is going to show what "her town" thinks of the press when the boys take a week off to attend the annual meeting this year. And Cocoa is a good town, too, and is becoming better known since Mrs. Henderson took over the newspaper filed there.

Ocala County Republicans are going into the primary game this year like old-timers. The commissioners put them on notice some time ago that since they had qualified as a political party in this county they must go into the primary, and the challenge to fight has been accepted. A full list of candidates is expected to be named to go on the ballot for the June contest. This will be the first time in the state that such a contest has been waged since the Bryan primary law went into effect. And Mr. Bryan was formerly of this county though now, after being U. S. Senator he is on the federal bench. How strange things work out. Senator N. P. Bryan never dreamed his bill would be put to the real test in his own old home county.

Kissimmee did a wise thing to vote the new school district bonds last Saturday, enabling their local trustees and the county school board to make long needed additions to their school building equipment. Where the children are looked after the community usually is safe for the future. Kissimmee is only following a good example set by St. Cloud some time ago. And now it looks like we will have to consider doing the same thing over again soon, as our town is growing so fast that the school attendance will soon outgrow even our new high school building just being completed. And yet some Kissimmee folks unkindly remark now and then "Oh, St. Cloud is only an old folks town." But these old folks have a lot of youngsters in the family—and they'll have to go to school.

IS SCRIPTURE INFALLIBLE? DIVINELY INSPIRED?

Mr. J. P. Blood does not realize that God made man and that man used his will to sin and so brought on all the evils that have been perpetrated since the creation of man by man himself. If man had not sinned the world would not have been so full of wickedness. When man sinned he brought on himself the nature of wickedness and it is charged to God that he caused all the wickedness that has been recorded in the Bible. By man came death and not by the Divine WILL.

Editorial But We Still Pay The Piper

In our brilliant dash toward national bankruptcy—for seemingly though we will not reach the goal there are many persons who would head us that way—the counties of the country lead in the race. They are ahead of the states that created them, though some of the villages are running them a close race in the wild expenditure handicap.

Census figures show that in 1922 state governments owed \$1,162,648,000. In 1912 their public debt was only \$422,796,000.

In 1912 the debts of the 3,000 counties footed to \$371,528,000. In 1922 the debt had grown to \$1,366,636,000; a total increase of 268 per cent. The business man who would aid in causing such an increase in his overhead expenditures would be regarded as a lunatic, yet peculiarly these same business men are always ready to vote for public expenditures without a thought of the consequences.

Whenever some public expenditure is suggested the village home-dweller puts on his thinking cap and hesitates, weighing the possible effect upon his pocketbook; but as soon as he learns the burden can be shifted from the village to the county then he becomes a roofer for improvement. He pays the piper, of course, but the tax burden is further removed. If the cost could be met by the state, then he would not complain if the expenditure were ten times what has been suggested.

This peculiarity in human nature is reflected most clearly in the great cities where the flat dwellers do not personally pay taxes for anything. The landlord pays them. He adds the amount of his taxes to his rentals and he usually adds ten per cent. or more for good luck and safety. The flat dweller pays and he pays through the nose but he doesn't realize it. In like way the small town home dweller pays and pays through the nose whenever he fails to take an interest in local affairs and permits county expenditures to run wild.

Times will come when the public conscience will revolt against the selfish scramble for local improvement at any price so long as the money can be taken from the general purse. The outrageous omnibus bills that disgrace our national legislation give us an example. When we learn to kick out our Congressman because he has thrust his fist into the grab-bag to "get his" for his district instead of putting him on the back and approving the cheap graft, we will be better off morally and financially.

Certainly somebody in Washington is riding for a Fall.

If you try to create war you are sent to jail. If you try to bring about peace they threaten you with stripes. What is a poor girl to do these days?

America has left about \$3,500,000,000 invested in a merchant marine—most of it in ships rotting in the harbors. Presumably by next year the official Song of the Senate will be Rule Britannia.

Franklin invested \$500 in England. It turned into \$20,000 after 150 years. To-day they invest nothing and \$25,000 comes out of the air. But Franklin dealt with commoners. Now we deal with Kings, John T's.

God does not desire the death of a sinner. The terrible World War was brought on by man; a war more terrible, more cruel, more destructive than any slaughter that the Bible records and shall we not charge it to sin, charge it to the transgression of the laws of God. God made the law that if man sinned he would be punished and if you break God's laws you are breaking the laws that God made. The Bible contains the Word of God as man has recorded it and as man is not infallible and is liable to make mistakes in writing and recording the history of humanity which God introduced into the world, so mistakes in the Bible are man's mistakes and not God's. WHAT is infallible in the Bible is that God exists and that man is punished because sin is the opposition to goodness and whatever is opposed to goodness should be punished. If man wants to be good he needs to get his thoughts, his desires, his intentions out of his mind and if he wants to improve his body he needs to get the bad blood out of it. God is revealed in the Bible; it reveals to us how we can live better lives and as sin is inherited by all mankind, so they have to work out their salvation with fear and trembling, which is the work for us to do.

IT PAYS.

MRS. R. O. JONES.

PRESBYTERIAN CHURCH.

We had good meeting last Sunday. The church was crowded at the morning preaching hour. All classes in Sabbath school were well attended. We were glad to see that Rev. Smith, teacher of the "Brotherhood" Class, was able to be with us and to take charge of the class. At a congregational meeting held immediately after the morning preaching service, Rev. J. A. Collins was unanimously voted in as our Pastor.

All services next Sunday as usual. In the morning the Sabbath school will begin promptly at 9:30. You are all welcome to our ever growing Sabbath school. We have a class for all. The preaching hour is 10:45. Come out and hear our pastor's message. He always has something good for us. We also have some special music at this service. Then in the evening at 6:15 we have our Christian Endeavor meeting and you know every one is always welcome. We always have a good C. E. meeting. Sometimes our attendance is small but the interest is there just the same. Remember Christ said, "Where two or three are met in my name I will be with you." We want you all to be with us at these good meetings, still when you are not there, we don't get discouraged. We remember what the Master said. Next Sunday evening our subject will be "Winning Souls to Christ." The scripture lesson is found in John 1st Chapter 40-51 verses, and James 5th Chapter 20th verse. Read over and think upon these scriptures and come out next Sabbath evening at 6:15 and help us serve the Lord. Mrs. W. H.

Fowler will be the leader for Sunday night preaching service after the C. E. program at 7:15, so come to Christian Endeavor and stay over for preaching. Prayer Meeting Wednesday evening at 7:15. Choir practice Friday evening at 7:00. Every one welcome to every service.

CITY ELECTION NEXT TUESDAY IN ST. CLOUD.

Everything is in readiness for the annual city election which will occur in this city next Tuesday, when a mayor, city clerk, city assessor and treasurer is to be named. The last three also serving as members of the city council. One bond trustee is also to be named.

For Mayor only one name will appear on the ballot while another candidate whose friends overlooked securing enough names of qualified voters to get on the ballot is asking that his name be written on the ticket. The City Clerk, no one qualified against John H. Collins for re-election. For City Treasurer there was only one qualified to go on the ballot, A. E. McGill, and no one has qualified for bond trustee.

For City Assessor there are three candidates, G. P. Armstrong, C. N. DeNoyer and J. I. Cummings. The official list of qualified voters appears on the last page of this issue, and announcements of the various candidates will be found throughout the other pages.

The polls open at eight o'clock next Tuesday in the city hall.

Matthew Hayes who has spent the past several winters in St. Cloud and has built several homes here died at the home of Nurse Williams last Saturday, March 15th, after being ill for some time. Mr. Hayes was a retired railroad engineer and also a U. S. A. R. veteran. He had come to St. Cloud to make his home. He is survived by one son, Harry Hayes of Waco, Texas, who was with him at the time of death. The body was sent to St. Joseph, Mich., for burial accompanied by his son.

Mr. and Mrs. E. B. Spann, of Buraside, Miss., arrived last Friday to take charge of the commissary of the Griffin Lumber Co., at Holopaw. They stopped with their old friends, Mr. and Mrs. Moore at Moore's cafe Saturday.

Labor Is Power. Claiming The Ether. The 19 Pound Baby. That Poor Calyp.

Ramsey MacDonald, managing cautiously the Labor government that manages the British Empire, has trouble with his most radical followers. MacDonald sensibly wants to complete the great irrigation system in the Sudan, to help cotton growers, increase crops and general welfare. Radical labor men say private individuals own the cotton fields, and they don't believe in doing anything for private property.

The irrigation, on which gigantic sums have already been spent, millions of pounds, would give employment in the Sudan, and guarantee a certain supply to England. But that makes no difference to "radicals."

Sometimes reaching out too far is dangerous. People have fallen out of windows doing that. The Telegraph and Telephone Company does pretty well for its stockholders and itself with its firm monopoly of communication by wire on the surface of the earth. That ought to be enough. The important patents on radio are dead or dying. And the bitterest enemy of single tax will admit that the people should own the air.

Housewives for miles around flock to Ochsenschlager's N. J. to see Mrs. William Henton's "little boy," just born and weighing nineteen pounds. Such a baby is interesting, but you ask yourself, Why does Providence send a nineteen POUND baby to a human mother weighing 130 pounds, and a nineteen OUNCE baby to a female bear weighing 300 pounds? There's a good reason, of course, but who can understand it?

H. G. Wells tells school teachers— "shy, retiring souls," he calls them— "to buck up, be arrogant and take hold of the world." He says teachers alone can improve life. That's true, and that is what they have been doing ever since teaching began.

If teachers, from Socrates, Aristotle and Plato, to the young woman that teaches your little boy in the public school, hadn't "taken hold of the world" civilization wouldn't be where it is now.

To understand what the drop in the French franc means to Frenchmen, imagine the United States winning a war, and then finding its dollar worth less than 20 cents apiece, with bread at 50 cents a loaf, eggs \$4 a dozen, etc.

Kemal Pasha, new boss of Turkey, and the Mohammedan world, tries experiments almost as radical as our prohibition. He will end the caliphate, doing away with the powers of the all-powerful religious head, supposed to represent Mohammed, and inherit his authority.

The Caliph, Prince Abdul Medjid Effendi, will be driven out, and not allowed to take the treasure of the caliphate with him.

That is as serious a step to Mohammedans as it would be to Catholics if Mussolini were to drive out the Pope and seize the property of the Vatican. The ancient and the Caliph is in despair, and the Caliph's enemies have refused food for three days. That probably won't help the Caliph. The question is What effect will all this radicalism have on Kemal Pasha and his modern wife in the knickerbockers?

And how much did Kemal's Russian, Turkish friends have to do with kicking out the Caliph?

The J. I. Case Company, that makes threshing machines and other things for farmers, shipped a dividend and the stock-dropped with an unexpected third last week. Things of that sort cause financial "best advice" to direct themselves to the poor farmer. What happens to HIM isn't so important in the realm of high finance, but what happens to STORKS is most important.

"Can a man succeed after forty?" Real success is usually made after forty. You can't judge moderns by Alexander, Napoleon, Pitt, Keats or such prodigies. It takes thirty years now to get the start of an education, forty to get half an education, eighty to get a fairly good education. You are fairly ready for real work until forty.

Somebody discovers, with horror, that large sums of money are spent taking care of insane aliens. That being the case, aliens should be kept out, say the horror-stricken ones.

What about the thousands of millions of dollars that aliens, not insane, have added to the wealth of the United States? What about the fact that they build practically all the railroads, most of the other roads, and that they contribute at least 60 per cent to the building of all houses? Doesn't that count?

LEGION DECORATION PLAN

St. Cloud Post No. 80, American Legion is sponsoring a plan for the uniform decoration of the city on all holidays and special occasions. In front of each business house in the city it is planned to place an iron tubing in the sidewalk 18 inches from the curb. This tubing will go eight inches deep in the sidewalk. Into this container will be placed a 12-foot varnished pole with a 4x6 foot American flag. The flag is of hunting, double stitched and guaranteed fast colors. A cap is furnished to fit the container to keep out sand, etc. when the flag is not in use.

This plan makes possible the decoration of the entire city in a few minutes as the flags will be kept inside ready to be put in place on a moment's notice. This will eliminate loss of time and prevent improper display of the flag upon business houses. Complaints have been made in the past to the Legion of improper display of the flag and this is the regulation army method.

Unless the legion secures the signature of a majority of the business concerns to the petition being circulated the plan will not be carried out as the plan is to have uniform decoration for the entire city and unless all join in it will not be a success. A number have already signed the petition. The plan is being carried into effect in various Florida cities including Kissimmee, Bartow, St. Petersburg, Haines City and others.

A Wonderful Remedy

"When all other remedies fail, Leonard's Blood Elixir cures." People in every city and town where this remedy is sold make this straightforward statement. Grateful testimonials of men and women who have suffered from diseases caused by impure blood, such as Rheumatism, Catarrh, Blood Poison, Heredity—afflictions, Nervous Debility, and run-down condition is what has made Leonard's Blood Elixir the one remedy which stands out as the greatest blood medicine of the twentieth century. The remedy makes rich blood. It builds up the system and gives new energy and vigor to the sick and weak. If you need a blood medicine try Leonard's Blood Elixir. It always gives results. Money back on first bottle if not satisfied. Sold by all Druggists.

Poor Peter

The wife of a soldier bandaged the pastor of a church the following order: "Peter Flowers having gone to sea, his wife desires the prayers of the congregation for his safety."

The minister glanced over it hurriedly and then announced: "Peter Flowers having gone to sea his wife, desires the prayers of the congregation for his safety."

MRS. MANN WINS RIBBON

To the Editor of St. Cloud Tribune:

The many friends of Mrs. H. G. Mann of St. Cloud, will be pleased to hear that she is expected to return to her home here. Sunday, March 23rd, after a very successful business trip. She reports she has again won the Blue Ribbon for "Sensate Coffee" at all the fairs where a ribbon was given. And at Bradenton, in connection with the Blue Ribbon. She was presented with the large white Special Premium, the first ever won in the South. That speaks well for St. Cloud, as well as for the coffee. As Mrs. Mann is a permanent resident here, and a great

booster for St. Cloud. She states in all her travels, St. Cloud for her. A RESIDENT.

SELLING OSCEOLA

INTRODUCTION.

The St. Cloud Tribune is going to sell St. Cloud properties, both city and county. It is going to make the sale by means of a series of advertisements. It is going to sell St. Cloud both to insiders and outsiders.

"But", objects some Doubting Thomas, "The Tribune doesn't own St. Cloud, so how can it sell St. Cloud? Lots of folks here who own property do not want to sell it and the Tribune cannot sell it so long as they object."

But the Tribune does own absolutely all of St. Cloud for the purpose of such a sale as it intends to make and any citizen who objects to such a sale has an overdue engagement for a long, long sleep in Mt. Peace cemetery or the Potter's field.

In proclaiming his nativity, the Apostle Paul boasted that he was "a citizen of no mean city" and if you do not feel that way about your home town, you had better make another town your home or die.

If you be proud of the city in which you live, you always speak of it as your city. If you have that pride in your city, in the parlance of commerce you are "sold" on it. In commerce they say a man can sell nothing on which he himself is not "sold".

The Tribune will succeed in selling St. Cloud both city and county properties, because it is completely "sold" on both of them. It will seek to sell them to others by giving succinctly the reasons why it is "sold" on them.

One reason why St. Cloud is growing with such good speed and soundness as create pride at home and admiration or envy elsewhere is that practically every man, woman and child here is "sold" on St. Cloud. Without any braggart boasting, they make all who come in contact with them, realize that they believe absolutely and completely in St. Cloud and love it because it so thoroughly comes up to the ideal of what a home city should be.

But even home people who are thoroughly "sold" on St. Cloud may find in this and subsequent talks of the "Selling St. Cloud" series some new grounds for pride in their home city and county and some new arguments to present in selling them to outsiders.

The Tribune is enabled to make this campaign for selling St. Cloud and Osceola county by the co-operation of St. Cloud and Kissimmee firms, corporations and individuals, and institutions whose names are signed below. The campaign is not an advertising scheme for them nor a money-making campaign for the Tribune. Each contributed to it what he pleased and the contributions were stopped when enough had been received to finance the campaign. The Tribune will itself contribute both space and work considerably above the compensation.

This campaign is but another evidence of the liberality and heartiness with which the Osceola County people co-operate to put over whatever is for the good of the county. If it had been desired to make the campaign twice as big, additional participants could have been obtained.

No man wants to locate in a section that is not blessed with people who co-operate. That might easily be the first thing a man wanted to know about a city to which he contemplated removing. This campaign completely answers this question as to Osceola county. There is no county anywhere whose population is more unified than Osceola county, Florida in its determination of doing anything which will promote St. Cloud and Kissimmee's growth and prosperity or make it a better county in which to live.

Among the things a man would wish to know about a county or city in which he would wish to live would be:

- Has it a good climate?
- Is the water supply pure and adequate?
- Are its health conditions good?

Are its school facilities up-to-date?

Are its people sociable and hospitable?

Are newcomers made to feel at home?

Have the great fraternal orders representation in live lodges?

Have the various denominations churches?

Have these churches able pastors and live congregations?

Are real estate values within reach?

Are the cities and county growing in a healthy way that means a healthy increase in values?

Are there stores that realize the profits in quick sales and so make prices that such sales also keep down the price of living?

Are there merchandising and industrial opportunities in the cities and county?

Are there agricultural opportunities in the country surrounding the cities?

Are business and industry in such sound and healthy condition that the employment demand is steady and regular so that the man who has only his services or labor to sell may reasonably be certain of a regular and steady market for same?

Are the financial resources of the community such that they are adequate to meet all demands of a community whose business and industries are growing?

Are the city's streets paved and the county's roads improved?

Are the railroad connections adequate for development of the county and cities as a distributing center?

All these and other natural and proper questions The Tribune will answer in the subsequent series of advertisements in which it will undertake to sell Osceola county, St. Cloud and Kissimmee.

ELECTION PROCLAMATION
By virtue of the power vested in
me by the Board of County Commis-
sioners of the City of St. Cloud,
Florida, I, L. M. Parker, do hereby
publish and proclaim that on the 25th
day of March A. D. 1924 in the City
Hall of said City there will be held
an election for the purpose of elect-
ing the following officers: a Mayor
to serve until his successor is elected
and qualified; a Treasurer to serve
until his successor is elected and
qualified; a Clerk and Collector to
serve until his successor is elected
and qualified; also one City Board
trustee to serve until their successor
is elected and qualified.

In compliance with sections 136 and
137 of Chapter 3 revised ordinances
of the City of St. Cloud, Florida,
touching the qualifications of electors
entitled to vote at said election, I
do hereby proclaim that only such
residents shall be qualified to vote
who shall have resided in the state of
Florida for one year and in the City
of St. Cloud for six months; that
they are duly registered as electors
in the City Registration Book and
that they shall have paid their poll
tax for two preceding years, as pro-
vided by law where such electors are
not exempt from poll tax require-
ments.

The polls will be open at eight
o'clock in the morning and will re-
main open until five thirty o'clock in
the afternoon, for the purpose of re-
ceiving votes, but the inspectors and
Clerk may adjourn between twelve
and one o'clock for one-half hour as
provided by the ordinance of said
City.

In compliance with the revised or-
dinance of said City I hereby direct
the City Clerk to furnish to the elect-
ors of said proposed Election a list
of the duly qualified electors to vote
in the said City Election.

In compliance with the revised Or-
dinance of City I hereby appoint John
Carlin and Mrs. Grace Seymour, as
inspectors, and Elmer Ide as Clerk
of said Election and the ballots used
shall be substantially the same as
used in the elections under the gen-
eral laws of Florida.

In Witness Whereof I have here-
unto set my hand as Mayor of said
City and caused the Seal of the City
of St. Cloud, Florida, to be hereunto
affixed.

Witness my Hand this 21st day of
February A. D. 1924.

ANNOUNCEMENTS

FOR COUNTY JUDGE.

I am a candidate for nomination to
the office of County Judge of Osceola
County, Florida, subject to the wishes
of the Democratic voters on June the
3rd, 1924.

If nominated and elected, I pledge
myself to administer the duties of the
office fairly and impartially to the
best of my ability. I have no friends
to specially serve and no enemies to
punish. With more than twenty years
experience in the general practice of
law, I think should justify me in
claiming to have the qualifications
to hold the office.

I will appreciate the vote and sup-
port of all the voters, and if any-
thing should prevent my seeing all of
them personally during the campaign,
please be assured that it is not due
to any indifference or that I will not
fully appreciate your vote and influ-
ence. Respectfully,

MILTON PLEDGER.

We are authorized to announce L.
R. Farmer for re-election as Sheriff
of Osceola County.

J. M. Smith is a candidate for
Sheriff of Osceola County, subject to
the action of the Democratic primary
to be held in June, 1924. Your vote
and support will be appreciated.

I hereby announce myself a candi-
date for the office of Sheriff of Os-
ceola county, subject to the action of
the democratic primary to be held in

June. If elected I will do my best
to enforce the laws in this county.
Your vote and support will be ap-
preciated.

YOUNG TINDALL,
29-41.

We are authorized to announce
Henry Bratton for supervisor of Regi-
strations of Osceola County.

We are authorized to announce the
name of

A. E. BASS
for County Commissioner for District
No. 4, (St. Cloud), subject to the ac-
tion of the democratic primary to be
held in June.

We are authorized to announce the
name of

HENRY PARTIN
for County Commissioner for District
No. 2, (Parth Settlement and East
side of Kissimmee) subject to the ac-
tion of the Democratic primary to be
held in June.

**To the Voters of the 19th Senatorial
District.**

After due consideration, I have de-
cided to become a candidate for re-
election to the State Senate from the
19th Senatorial District, composed of
Orange, Seminole and Osceola Coun-
ties, subject to the Democratic Pri-
mary to be held June 3rd.
I respectfully solicit your support.

M. O. OVERSTREET.

We are authorized to announce the
name of

C. E. YOWELL
as a candidate for re-election to the of-
fice of Superintendent of Public In-
struction for Osceola County, subject
to the action of the Democratic Pri-
mary to be held in June.

We are authorized to announce the
name of

M. O. OVERSTREET
as a candidate for re-election for State
Senator from the Nineteenth Senatori-
al district comprising Osceola, Orange
and Seminole counties.

We are authorized to announce the
name of

E. L. D. OVERSTREET
for County Commissioner for District
No. 1, (Shingle Creek and Campbell
section) subject to the action of the
Democratic Primary to be held in
June.

I wish to announce to the tax pay-
ers of the City that though I am a
candidate for City Assessor, I did not
seek the office. I have served the
people as City Treasurer four years
by election, afterwards about one year
by appointment. If elected to this
office I will give my best efforts and
all necessary time to turn over to the
city as near as possible an equalized
tax roll.

Your vote of confidence will be
greatly appreciated.

J. I. CUMMINGS.

I hereby announce myself candi-
date for the office of Tax Assessor
and member of the City Council at
the next election of the City of St.
Cloud, Florida on the 25th day of
March 1924.

WM. DENOVIER.

GEO. P. AILBROWSMITH
is a candidate for the office of City
Assessor and member of the City
Council, subject to the action of the
voters of the city at the city election
to be held March 25.

NOTICE OF APPRECIATION

I wish to take this means of ex-
pressing my appreciation for the ex-
cellent service rendered by St. Cloud
Fire Boys at the recent fire March
8th at my home. WM. DENOVIER.

I hereby announce myself for candi-
dacy for re-election to the office of
Supervisor of Registration in the June
primary.

WALTER C. BASS.

We are authorized to announce the
name of

GABE H. WHITE
for County Commissioner of the St.
Cloud Commissioners District. Pri-
mary in June.

**E. O. PAINTER FERTILIZER CO.,
GIVING AWAY ALMANACS.**

Recognition of the development of
Florida horticulturally and agricul-
turally is reflected in the advertising
columns of the paper. The interested
reader will notice by advertisement of
the E. O. Painter Fertilizer Company,
in this issue that he is invited to
write them for a copy of the 1924
Almanac not published. These are is-
sued at heavy expense and are a
valuable reference book for anyone in-
terested in fruit raising or trucking
in Florida.

Senators of France from the Basque
country and the Norman coast resorts
are seeking to regulate billboard ad-
vertising in the beauty spots of
France. As an example of what is
wanted, they refer to the laws of Mas-
sachusetts and Pennsylvania dealing
with outdoor advertising.
